ARCHITECT

RESUME

CAITLIN KELLEY, M-Arch, AIA, NCARB.

I have been practicing architecture in Southern California for over twenty years specializing in high-end custom residential design and unique commercial projects. I fuse my diverse abilities in design, music and art while incorporating my knowledge of Feng Shui, Vastu, Geomancy, and Green Building to create my eclectic architectural designs.

My focus is creating architecture that nourishes the Soul through unique, sustainable designs for today's environmentally aware community.
